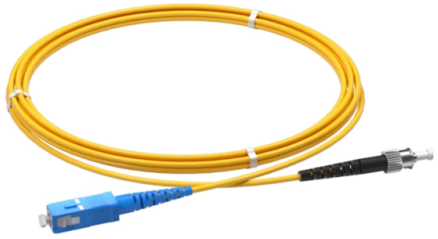
# Fiber Optic Cable Clamp Tool



## Overview

The tension Clamp for fiber cable is designed to fix and keep the tensile state fiber. Usually, the fiber laying around the electric transmission line or laying on the building is resistant and wears less than 50m. It's reliable and sturdy, powerful and easy. CommScope features a family of tools and components for the installation, repair and maintenance of fiber cables, including prep and termination kits. Designed by a by a fiber splicer with 25 years experience in the field, FasClamp and FasclampXL can be used in any splicing vehicle, trailer, or table mounted. These cable management products offer a choice of methods to secure, route, label, and bundle electrical cables and fiber optic patch cables. 1 to quickly navigate the page. The CMS011 Zip-Tie-Style Cable Ties (supplied in bags of 100) are releasable and are typically. The Fiber Reaper isn't just another fiber optic cable clamp—it's the BEST on the market! The innovative design on the Fiber Reaper takes a whole new approach to the fiber optic cable splicing clamp. Pelsue is the premier manufacturer of ventilation equipment.
